## Description

*It is an android app aimed at connecting the entire student world.*

*Students can share their experiences like achievements, projects they worked on or currently working on. Students can upload their resumes which can be viewed by recruiters. They can take tests on various modules and will be evaluated on the same.*

*Students can get notifications from coaching centres in their field of interest.*

*Companies, College and Technical Institutes (Coaching) can have their dedicated page (Like FB).Companies can post job openings - Students can apply for it.Resume will be forwarded automatically.*

## Profile of Users

1. **Students**
2. **Universities/Colleges/Coaching centres**
3. **Recruiters**
